IT'S TRUE!

The City of Johnson City and Johnson City Schools have partnered with Mountain States Medical Group to provide medical care and wellness programs for insured employees and their dependents. The Employee Health Center is proud to offer the following services:

FAMILY MEDICAL CARE

Diagnosis and treatment of acute and chronic illnesses, health maintenance, disease prevention, health promotion and patient education; treating patients age five and older.

MEDICATIONS

Specific generic medications are available at no cost to you and your dependents. Maintenance medications are available in a 90-day supply. An appointment with an Employee Health Center provider is required before medications can be dispensed. Check your employer's website for a full list of medications available through the Employee Health Center.

LAB SERVICES

Will be performed as ordered by the Employee Health Center medical staff.

HEALTH & WELLNESS CARE

A registered nurse and dietician will provide assessments and guidance for the wellness program.
