

# Johnson City Schools

## Five-Year Strategic Plan 2017-2022

Updated 08/26/2019

Johnson City, Tennessee

# Five-Year Strategic Plan

## BELIEFS

To be successful, Johnson City Schools must...

- Provide the highest quality public education to all students;
- Attract, develop, and retain the very best teachers and staff;
- Engage families, business, community, and government;
- Stay on the cutting edge of educational leadership and practice; and
- Foster a caring, safe, and inclusive environment.

## MISSION

To enable all students to achieve excellence.

## VISION

To be a progressive school system that is globally competitive in all areas. All students have an equal opportunity to learn and be successful while meeting high expectations and are provided the resources to be healthy, productive citizens and lifelong learners.

## GOAL

Advance student achievement in all curricular and extra-curricular programs

## GOAL

Pursue and efficiently manage internal and external school funding

## GOAL

Promote physical and mental health and wellness in a safe and secure environment

## GOAL

Improve communication, collaboration, and involvement

## GOAL

Champion innovation and the effective use of technology

**JOHNSON CITY SCHOOLS**  
**FIVE –YEAR PLANNING COMMITTEE MEMBERS**  
 Dr. Robbie Anderson, COMMITTEE CHAIR

<b>GOAL</b>	<b>CHAIR(S)</b>	<b>COMMITTEE MEMBERS</b>
<p><b>1. Advance student achievement in all curricular and extracurricular programs</b></p>	<p>Carol McGill Melanie Riden-Bacon</p>	<p>John Hunter (Board Member) Kathy Hall (Board Member) Tom Hagar (Board Member) Lottie Ryans (Board Member) Jeff Price (SHHS) Tammy Pearce (LBMS) Kellie Singleton (LBMS) Jessica Belcher (WD) Laura Rainwater (WD) Karen Bunch (TA) Melina Christian (Parent) Anne Godfrey (Parent) Theresa Shaw (PTSA/Parent) Brian Holt (Student) Ben Winegar (Student) Kaitlyn Phillips (Student) Kate Gorzka (Student) Nancy Miles (SS) Becky Saunders (SS) Molly Luton (Comm. ## CURRENT STATUS

State testing from the 2018-19 school year indicated five out of eight achievement targets in grades 3-12 were met by the district with on-track or mastery percentages across the system exceeding state percentages. Johnson City Schools' one year value-added scores were a "5" in composite, math, literacy and math combined, and social studies. Five of eleven Johnson City Schools were designated by the TDOE as Reward Schools for school year 2018-19, and eight of the eleven schools had a value add score of "5" in composite. Science Hill's End of Course (EOC) exams consistently outscored the state on percentages of students designated as on-track or mastery. The high school's ACT composite score of 22.3 was also significantly higher than the state average of 20.1, and the graduate rate of 91.8% was also above the state average of 89.1%. In addition, the senior class of 2018 was offered over \$15,000,000 in scholarships. SHHS students were also recognized for numerous awards in athletics and the arts.

Achievement

## OBJECTIVES and STRATEGIES

### 1. To exemplify excellence and equity by exceeding all state and national academic achievement measures

Strategies:

- Plan and teach rigorous standards-based curriculum
- Strengthen problem solving and higher order thinking across all content areas
- Use quality formative assessments to measure mastery of state standards in PK-12 and to inform instructional decisions
- Support student learning in all levels of instruction in order to reduce subgroup achievement gaps
- Provide a variety of ACT prep programs (i.e., online and in class)

- Increase student participation in Advanced Placement courses by expanding availability with 22 Advanced Placement courses and revising the registration advisement process
- Offer virtual summer courses for grades 5-12 and summer programming for enrichment and at-risk students (i.e., summer school, CTE academies, expanded STEAM Camp, STEAM bus, and bookmobile)
- Provide support for students who are impacted by cultural and socioeconomic factors with a newly hired ESL coach.

## MEASURES:

- System standard-based checkpoints and RTI assessment data
- State Report Card for Achievement and Growth (AMOs)
- Gap reduction in system and state data
- Attendance and participation in enrichment and at-risk programs
- Advanced placement, enrollment and assessment results
- ACT enrollment and scores
- TEAM rubric and student work

## GOAL

Advance student achievement in all curricular and extracurricular programs

The high school's ACT composite score of 22.3 was also significantly higher than the state average of 20.1, and the graduate rate of 91.8% was also above the state average of 89.1%. In addition, the senior class of 2018 was offered over \$15,000,000 in scholarships. SHHS students were also recognized for numerous awards in athletics and the arts.

Achievement

## OBJECTIVES and STRATEGIES

### 2. Hire and develop the most qualified staff

Strategies:

- Provide continuous professional development as determined by district level and school level needs assessments
- Encourage National Board Certification
- Expand teacher leader development
- Support new teacher induction and mentorship
- Continue system level vertical collaboration led by instructional coaches

- Recruit and increase the availability of substitute teachers (**increased pay to \$70.00 per day and \$100.00 for retired teachers**)
- Increase funding, compensation and positions for RTI and RTI (III) Behavior personnel
- **Increase principal pipeline**

## MEASURES:

- Staff development participation and evaluations
- Teacher feedback and surveys
- RTI and RTI Behavior positions in every school
- Human Capital and TEAM Reports
- Number of National Board Certified teachers
- AESOP data
- **Participation in GASL and UT Leadership Academy**

## GOAL

Advance student achievement in all curricular and extracurricular programs

In addition, the senior class of 2018 was offered over \$15,000,000 in scholarships. SHHS students were also recognized for numerous awards in athletics and the arts.

Achievement

## OBJECTIVES and STRATEGIES

### 3. To provide quality extracurricular opportunities which promote excellence in the arts, athletics, clubs and other after school programs

Strategies:

- Encourage and recognize stakeholder (student, family and community) involvement in extracurricular activities
- Strengthen the transition of extracurricular activities and offerings between each grade level grouping (i.e., elementary, intermediate, middle, and high school)
- Promote leadership, sportsmanship and performance excellence through extracurricular activities

- Ensure cultural awareness, leadership, social and character development, and globalization through school counseling curriculum, student leadership programs, and digital citizenship
- Engage students in activities designed to develop an appreciation for the arts
- Encourage and cultivate community relationships to enhance community service learning opportunities for students
- Explore extracurricular transportation solutions
- Develop and implement a consolidated calendar for extracurricular activities

## MEASURES:

- Stakeholder involvement and participation
- Online calendar of activities
- Award and recognition programs
- Positive media communications concerning involvement and activities

- Student clubs and athletic teams
- Student participation in extracurricular activities at all levels

## GOAL

Pursue and efficiently manage internal and external school funding

Key  
Result

### CURRENT STATUS

The Johnson City School System is considered a department of the City of Johnson City. The City of Johnson City is our funding authority and controls all bank accounts and investment activity. The current revenue budget for the Johnson City Schools is \$76,717,390. Our funding is made up from the following sources: State of Tennessee 44%, Carter, Sullivan and Washington County Taxes/Licenses 36%, City of Johnson City 18%, Charges for Services and Other local revenues 2%. Our expenditure budget is \$77,210,889. Our funds are appropriated in the following major categories: Personnel 82%, Operations 10%, Capital Outlay 1%, Debt Service 4% and Student Transportation 3%.

## School Funding

## OBJECTIVES and STRATEGIES

### 1. To pursue additional funding for the Johnson City Schools

#### Strategies:

- Maximize grant opportunities
- Increase city funding - natural growth formula
- Pursue additional sales tax revenues (final quarter cent)
- Pursue/encourage the Johnson City Schools Foundation to increase fundraising for the Johnson City School System
- Develop policy/procedures for use of online fundraising sites
- Advocate for equitable funding before the city and the county.

## MEASURES:

- |   |   |
|---|---|
| <ul style="list-style-type: none"><li>• Federal Grants</li><li>• Donations</li><li>• City funding formula</li><li>• Revenue/sales tax reports</li><li>• Site-based budget meeting minutes</li><li>• Minutes from the finance/budget meetings with city staff</li><li>• Amount of online fundraising</li><li>• Foundation's annual project</li></ul> | <ul style="list-style-type: none"><li>• Quarter cent referendum</li><li>• Review of financial reports</li><li>• Comparison of revenues from one period to the next</li><li>• Review of budget</li><li>• Finance committee meeting minutes</li><li>• Monthly financial reports</li><li>• Equitable funding</li></ul> |

## School Funding

## OBJECTIVES and STRATEGIES

### 2. To continue to use good stewardship practices

#### Strategies:

- Hold annual meetings with each school's site-based team
- Prepare monthly financial reports
- Maintain an active and involved finance committee
- Schedule periodic finance/budget meetings with city staff
- Practice energy efficiency in all school system buildings
- Maximize economics of scale
- Maintain self-insured insurance by oversight task force and consultant

- Continue internal audits
- Continue to have clean external audits
- Maximize capabilities of new accounting software
- Attend staff development offered by state and federal governments
- Continue to operate under the theme that a dollar saved is a dollar earned ([Continue to increase available fund balance.](#))

## MEASURES:

- Review of policies/procedures regarding energy management
- Review of utility bills
- Review of monthly financial reports
- Review of insurance committee/task force meetings minutes
- Review of benefits of insurance

- Review of both school and city audit reports
- Review of comprehensive annual financial report
- Comparison of expenditures from one year/month to next
- Review of insurance costs
- Review utilization and cost savings with new employee health center

## GOAL

Promote physical and mental health and wellness in a safe and secure environment

Key  
Result  
Area

3

### CURRENT STATUS

Physical, mental health, and wellness components include health education, physical education, nutrition education, counseling, psychological and social services, healthy school environment, health promotion for staff, and family/community involvement. These areas are outlined in the system's Coordinated School Health Plan. Strategies have been developed and are analyzed annually by School Health Teams and the School Health Advisory Committee. General purpose funds have provided therapeutic counseling in every school to assist with mental health and wellness as well as RTI-B staff to address students with Tier IV behavior plans. A safe and secure environment has been provided through new or renovated facilities and crisis intervention procedures. Cameras and safety control systems (including Raptor visitor management and reunification software) are present in all schools. In addition, the Johnson City Police Department's 2019-2020 budget provides funding for 14 SROs.

Health and  
Wellness/Safe and  
Secure Schools

## OBJECTIVES and STRATEGIES

### 1. To establish and maintain secure and safe environments and physical facilities

Strategies:

- Continue to **update** capital improvement plans, complete projects as they are identified or according to **timelines** established
- Create more efficient use of system wide notification for emergencies
- Review technology and its use for safe schools (maintain and upgrade **Raptor and cameras**)
- Review access controls and security during building construction and remodeling
- Regularly checking grounds for safety

- Clarify locking down versus run/hide/fight when intruders breach campus security
- Plan and control outside areas for vulnerability, safety of space, and fundraise for equipment and walking paths
- Construction of new cafeteria and gymnasium for Liberty Bell (**currently in progress**)
- Expansion of **Lake Ridge, Woodland, and South Side** classroom space
- **Replace current Towne Acres facility**
- **Remodel school entrances to provide more controlled access**
- **Renovation of SHHS library and media center**
- **Establish School Board Safety Committee**

## MEASURES:

- Maintain funding for schools
- Facilities committee reports
- Survey system wide notification
- Annual budget upgrades of security software and hardware
- Punch list access controls and security devices
- Develop reasonable guidelines for lockdowns
- Custodians monthly inspect grounds

## GOAL

Promote physical and mental health and wellness in a safe and secure environment

Key  
Result

Health and  
Wellness/Safe and  
Secure Schools

## OBJECTIVES and STRATEGIES

### 2. To maintain financial and personnel support for safe and healthy schools

Strategies:

- Continued funding of the School Resource Officers program (Currently have 12 officers)
- Support and expand the school nurse program and their companion support programs and equipment
- Use Canvas to provide safety training
- Communicate discipline plans and make explanations of consistency and operation in parent communication
- Online professional development to enhance teacher understanding of general discipline issues and their resolution

- Provide opportunities for teachers to shadow administrators in the discipline process
- Additional communication to the public about discipline rules and consequences for violations
- Hired bus monitors
- Establish a network of services for our most at-risk students in grades 5-12 (i.e. Hawks Academy (5-6), Patriot Academy (7-8), and Bridge to Success (9-12), and a senior GAP lab.

## MEASURES:

- Budget for School Resource Officers
- Collect nurse logs for nurse services
- Annually audit safety training
- Create baselines for discipline
- Review annual sign-ins of professional development related to discipline
- Prioritized use of Title IV funding

## GOAL

Promote physical and mental health and wellness in a safe and secure environment

Key

**Health and  
Wellness/Safe and  
Secure Schools**

## OBJECTIVES and STRATEGIES

### 3. To institute a plan for meeting fitness requirements for physical activity and healthy nutrition in the lives of our students

Strategies:

- Plan to meet new physical activity requirements that have been legislated
- Continue to educate and promote healthy choices
- Further expand Healthier US School recognition
- Provide access to the NutriSlice App that gives nutritional data for school meals

### 4. To continue to grow programs to meet the needs of students

Strategies:

- Promote sharing of relevant information to stakeholders to support students
- Explore ways to increase funding sources and services for mental health
- Continue partnerships with Johnson City Police, Johnson City Juvenile Court, and Frontier Health for SROs, court liaisons, and therapeutic counselors in all schools ([assumed education responsibility for juvenile program](#))
- Search for programs to accentuate family and community involvement in students' health

## MEASURES:

- Review school plans for physical activity
- Document healthy choices through guidance
- Review lesson plans for Healthier US School
- Provide access of NutriSlice App through school district websites
- Board create policies for sharing information
- Apply for grants for mental health services
- Continue to monitor data on partnerships
- School family engagement plans should reflect community involvement in student health

## GOAL

Improve Communication, Collaboration, and Involvement

Key  
Result  
Area

### CURRENT STATUS

Johnson City Schools primarily uses School Messenger, Twitter, Facebook, the district website, email, media releases, and Bloomz App to communicate information to stakeholders. A communications specialist was hired in 2017 and is responsible for generating positive press coverage, developing relationships with journalists, and designing relevant stories about our schools and community. The Johnson City Board of Education annually updates its communication plan. Each school reviews and revises its communication plan. Family surveys are administered on-line or through paper copies brought home by students. Educators receive an annual survey regarding progress of their respective schools. Each school has implemented a family engagement plan that identifies programs, activities, and procedures designed to involve parents including those with limited English proficiency and parents of students with disabilities. Board Policy 4.502 (Parent/Family Involvement) supports parent and community involvement. The Johnson City Schools Communications Advisory Committee consists of representatives from each school, the district, and the Board of Education. The committee's objective is to provide recommendations as to how the district can better communicate with all stakeholders. District educators visit schools from other districts in the region to gain new insights and ideas. Schools' students and staff members benefit from partnerships with regional colleges and universities, local businesses, faith-based organizations, and state professional training opportunities.

Parent and  
Community  
Involvement

## OBJECTIVES and STRATEGIES

**1. Maintain effective communication, maximize awareness, and support district goals, objectives, and programs through a variety of media**

Strategies:

- Secure a Communications Specialist for district and school communication support (**hired**)
- Be responsive to communication tools that families prefer to use (**Bloomz**)

- Distribute a **weekly Friday Feature** that showcases schools' programs, services, and initiatives
- Maintain the district's communication advisory committee
- Increase social media presence at both the district and school level
- Engage media outlets such as regional television and newspapers to showcase schools' programs, services, and initiatives
- **Establish branding guidelines for district and schools**

## MEASURES:

- Annual performance evaluation of specialist with feedback from principals and communications advisory committee
- Number of views for Twitter, various reports, and Web usage
- Number of views of **weekly Friday Features**
- Review of attendance, agendas, and minutes of meetings
- Number of followers who subscribe to media tools
- Number of articles/stories communicated by media outlets

**GOAL**  
**Improve Communication, Collaboration, and Involvement**

Key  
 Result

## GOAL

Champion innovation and the effective use of technology

Key  
Result  
Area

5

### CURRENT STATUS

Johnson City Schools continues to make great strides in technology as the “Digital Transformation” plan creates focus and drives our work in the area of digital learning. All buildings continue to offer wireless access and the district has adopted a three-year replace and refresh plan that has seen a 1:1 device situation for grades 3-12. Additionally, all teachers are provided a touchscreen laptop to be used in their instruction and all students in grades 7-12 have access to their own take-home Chromebook. The Supervisor of Secondary and Instructional Technology works alongside the Technology Supervisor to ensure consistent implementation of the plan. New funds have enabled the district to launch and sustain a “Technology Teacher Leader” initiative to build capacity in our teachers to provide those teachers with tools, skills, and information to impact not only their own classrooms but the classrooms of their colleagues as well. Site technology assistants at each school site continue to provide responsive service to staff and students. Additionally, student technology support teams have been launched at Liberty Bell and Science Hill. The district also continues research and provide teachers with the most effective digital learning tools for use in the classroom.

## Technology and Innovation

## OBJECTIVES and STRATEGIES

### 1. Sustain current level of funding for technology while exploring other sources

#### Strategies:

- Prioritize ongoing funding in the regular budget for technology acquisition and replacement (specific yearly plan developed)
- Invite stakeholders (commissioners, parents, business and civic representatives) into schools to see our digital transformation in action
- Continue to partner with the Johnson City Schools Foundation to increase available funds for technology support
- Pursue funding partnerships with local agencies
- Identify and pursue grant resources
- E-Rate

### 2. Provide professional development with timely follow-up to teachers in the use, integration, and implementation of new technology practices

#### Strategies:

- Employ coaches who can serve as curriculum/technology mentors and leaders
- Sustain and expand the Technology Teacher Leader Academy
- Differentiate training for groups of teachers (Special Education, ELL, PreK-2, CTE, related arts, etc.)
- Blended professional learning offered on-demand via Canvas
- Technology Academies for teachers (during school year and summer)
- Conference and Workshops—encourage our teachers to attend and present as well as utilize
- Added STEM coach for K-12
- Redesigned tech coach position into an instructional design position

## MEASURES:

- Ongoing, dedicated technology funding sustained beginning with the 2017-2018 budget
- Digital transformation survey results (students, teachers, administrators, parents)
- Documentation of grant attempts
- Monitor donations from outside groups to support technology initiatives
- Federal e-rate funding monitored
- Bi-monthly update of the Blended Learning Plan presented to the Board of Education

- Technology-related PD surveys and attendance logs
- Documentation of effective use of technology by staff and students
- User reports from various district-provided resources
- Documentation from site-based technology meetings or leadership team meetings
- Technology Teacher Leader survey results
- Documentation of conferences/workshops and follow-up collaborative sharing

## GOAL

Champion innovation and the effective use of technology

### CURRENT STATUS

Johnson City Schools continues to make great strides in technology as the “Digital Transformation” plan creates focus and drives our work in the area of digital learning. All buildings continue to offer wireless access and the district has adopted a three-year replace and refresh plan that has seen a 1:1 device situation for grades 3-12. Additionally, all teachers are provided a touchscreen laptop to be used in their instruction and all students in grades 7-12 have access to their own take-home Chromebook. The Supervisor of Secondary and Instructional Technology works alongside the Technology Supervisor to ensure consistent implementation of the plan. New funds have enabled the district to launch and sustain a “Technology Teacher Leader” initiative to build capacity in our teachers to provide those teachers with tools, skills, and information to impact not only their own classrooms but the classrooms of their colleagues as well. Site technology assistants at each school site continue to provide responsive service to staff and students. Additionally, student technology support teams have been launched at Liberty Bell and Science Hill. The district also continues research and provide teachers with the most effective digital learning tools for use in the classroom.

## Technology and Innovation

## OBJECTIVES and STRATEGIES

### 3. Support innovative curriculum approaches to integrating technology and utilizing effective digital solutions in teaching and learning

#### Strategies:

- Move to digital, Open Educational Resources (OER) from traditional textbooks using Tennessee’s #GoOpen initiative as our guide
- Continue collaboration among teachers in designing, identifying, vetting, and sharing digital resources
- Expand the use of our Learning Management System (LMS)
- Develop and offer online courses via our LMS
- Initiate a STEAM presence in every school (STEAM Bus, K-4)
- Ensure that our assessment preparation mirrors the soft skills needed for success
- Partner with other local districts in collaborative design of resources and training opportunities

### 4. Provide students increased access to technology with a goal of a 1:1 ratio to be utilized in learning

#### Strategies:

- Provide a high-quality device to all students in grades 3-12 to utilize at school to enrich their learning with a goal of a 4 year refresh period
- Provide all teachers with a portable device
- Ensure that a Digital Citizenship curriculum is delivered to all students
- Provide students with digital skills, including keyboarding basics
- Pilot some small pockets of “take-home technology” and document results (take home in 7-12)
- Continue to refine effective technology applications in grades PreK-2 (either in 1:1 or center-based approaches)
- Annual review of online subscriptions

## MEASURES:

- Documentation of teacher participation in OER and #Go Open initiative
- Documentation of the number of staff and students utilizing Canvas
- Documentation of the number of students participating in online courses and receiving credit
- Documentation of training for instructional assistants who serve elementary students in lab environment
- STEAM plan development for district
- Documentation of collaboration among districts
- Frequently measure the number of devices acquired vs. the number of students in grades 3-12
- Documentation of collaborative planning for equipment purchases (district and site-based)
- Documentation of “take-home technology” outcomes
- Documentation of Digital Citizenship curriculum development and delivery
- Document proficiency of 4th grade digital skills an ISTE-based assessment prior to exiting the grade

## GOAL

Champion innovation and the effective use of technology

The district also continues research and provide teachers with the most effective digital learning tools for use in the classroom.

## Technology and Innovation

## OBJECTIVES and STRATEGIES

### 5. Continue providing a progressive technology infrastructure and hardware/software systems with adequate tech support

#### Strategies:

- Review wireless access in all schools to ensure robust coverage exists to handle 1:1 devices
- Maintain funding for technology staff and infrastructure needs as outlined in the Technology Plan
- Continue to provide a school based technology assistant at each school site

- Provide ongoing training for our school based technology assistants
- Pursue methods of lessening the “digital divide” for our students with no wireless access outside of school
- Provide opportunities for parent access and training at school sites after school
- [Consider moving to an alternate service for any application.](#)

## MEASURES:

- Continual analysis of use/capacity of our networks
- Documentation of training for site-based technology assistants
- [Quarterly](#) update of the Blended Learning Plan presented to the Board of Education
- Documentation found within of the Work Order system of frequent issues that may determine policy changes and/or technology service approach
- Document student internet accessibility via survey
- Participation of parents in engagement activities
